### TRAVEL INFO

Travelling to Guernsey is easy, and we have considerable experience arranging and booking the best solution for visiting artists. The easiest route is to fly with instruments (exc. Drum kit) and we find whatever backline and gear you need locally. There are regular flights from Gatwick and Southampton, and less regular flights from Manchester, East Midlands and Bristol. We will also arrange your hotels and local transfers.

There is a boat to Guernsey, but the service is sporadic and prone to delays. It is not advisable to use the boat service unless absolutely necessary.

### PREVIOUS PERFORMANCES INCLUDE
